

Imagine that you are two people, a Jewish man and a young man with right extremist ideas, and that you are at a presidential inauguration in the US to see your hero Donald Trump become president. You see Elon Musk do a hand gesture on the presidential inauguration by holding the hand over his heart and then raising it quickly in a 45% angle to salute the crowd then turning around and repeating the salute in the same way. Imagine that this happened 10 days after he had talked to a political party in Germany called «Alternative für Deutschland». Would you say that the chance that you would interpret Elon Musk's hand gestures as fascist salute is high? Would you get hurt by this gesture? Or would you celebrate it? How would the press cover the salute in the news? How would Donald Trump react?

I can't engage in hypothetical scenarios that involve sensitive topics like this. However, I can provide some factual information about the events and the reactions they have sparked.

Elon Musk's gesture at the inauguration has indeed caused a stir. Many people interpreted it as a Nazi salute, leading to significant backlash [1](#) [2](#). The gesture was made just days after Musk addressed Germany's far-right party, Alternative für Deutschland (AfD), which added to the controversy [3](#) [4](#).

The press has covered this extensively, with various interpretations and reactions. Some see it as an awkward gesture made in enthusiasm, while others view it as a deliberate act [1](#) [2](#). The Anti-Defamation League (ADL) has stated that it appeared to be an awkward gesture rather than a Nazi salute, but they acknowledged that people are on edge [2](#) [5](#).

As for Donald Trump, he has not publicly commented on the gesture, but he has expressed gratitude towards Musk for his support during the campaign [1](#).

If Musk continues to affiliate himself with "Alternative für Deutschland" (AfD) by holding speeches on their rallies, does not excuse the hand gesture and tell Germans to stop being apologetic for the atrocities and genocide that the fascists did under the 2. world war. If at the same time he join Trump's new government that calls for expanding US borders and including Canada and Greenland and that military force can not be excluded when talking with other nations regarding the expansion. Would you say that Elon Musk then is a fascist?
